1. Technical Skills

Score: 0/100

Sr. No	Topic Name	Remarks	Resources
1	Understanding of Database Design	Needs improvement in explaining concepts like sharding and distributed systems.	Database Design Concepts

The candidate struggled to explain technical concepts related to database design and distributed systems. There is a clear need for improvement in this area to meet the technical requirements of the role.

2. Behavioural Skills

Score: 0/100

Sr. No	Topic Name	Remarks	Resources
1	Communication Skills	Effective communication skills demonstrated.	Improve Communication Skills

The candidate showed proficiency in communication skills, which is crucial for effective teamwork and collaboration. There were no significant issues in this aspect.

3. Problem-Solving and Critical Thinking

Score: 0/100

Sr. No	Topic Name	Remarks	Resources
1	Analytical Thinking	Needs improvement in critical thinking and problem-solving scenarios.	Critical Thinking Skills

The candidate struggled with problem-solving scenarios, indicating a need for improvement in critical thinking and analytical skills to tackle challenges effectively.

4. Cultural Fit

Score: 0/100

Sr. No	Topic Name	Remarks	Resources
1	Teamwork and Collaboration	Demonstrated ability to work well within a team dynamic.	Effective Teamwork

The candidate exhibited strong teamwork skills, showcasing alignment with the company's values and culture of collaboration.

5. Work Experience and Achievements

Score: 0/100

Sr. No	Topic Name	Remarks	Resources
1	Project Experience	Limited demonstration of experience in relevant projects.	Building Relevant Project Experience

The candidate lacked detailed examples of relevant project experience, suggesting a need to provide more substantial evidence of past achievements and contributions. Overall, the candidate displayed strengths in communication and teamwork skills but showed weaknesses in technical knowledge, problem-solving abilities, and demonstrating relevant work experience. Focus on improving technical understanding, critical thinking, and providing more detailed examples of past projects will be essential for enhancing their overall suitability for the role.
